Any reply received by the Office later than three months after the mailing date of the final rejection, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).</p>

Continuation of 3. NOTE: the newly proposed limitation "two support members" present new issues, requiring further search and/or consideration. Note that the claims now limit the carriage to being " "wherein said carriage member is coupled to said base only by said two support members""", where the limitation previously read "coupled to said base only by the said at least one support member" ..

Continuation of 13. Other: Please refer to the interview summary of 3/26/06. On further consideration, while the limitations directed to two support members appeared to overcome all the rejections, it is not clear that "coupled to said base only by said two support members" overcomes a rejection based on 35 USC 103. Further, such limitation is not definitely recited, i.e., the structure allowing the carriage to be coupled is not claimed.
